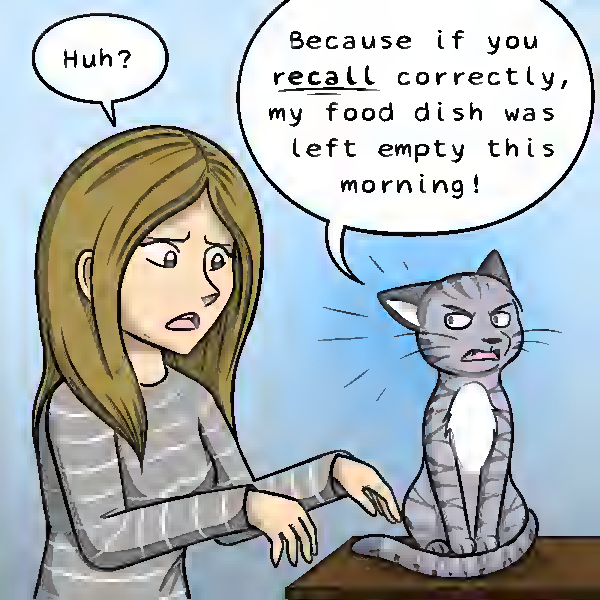
Ugghhh...
I had such an awful day today.
TRUDGE
I just need some love!

Luckily I have a cuddly friend at home who will always love me no matter what!
No, I don't think you do.



Huh?
Because if you recall correctly, my food dish was left empty this morning!

Leaving me to starve!
Alone and helpless... and **without thumbs**, I might add, with which to use a can opener!
That doesn't sound like something a **friend** would do, does it?

It was an accident!
You've violated the terms of our friendship agreement, Leah.

Aw, c'mon. I'll bet I could make it up to you with a nice neck scratch!~♥
No.
